

Building and Construction in Asia 2011 – 2015

EXTRACT TO INDICATE THE GENERAL NATURE OF THE REPORT

BUILDING AND CONSTRUCTION

Building and Construction in Asia 2011 – 2015

CHINA

AUGUST 2011

Contents

EXECUTIVE SUMMARY	i
1. INTRODUCTION	1
1.1 Purpose and scope	3
1.2 Methodology.....	3
1.3 The building investment cycle.....	4
2. THE ECONOMY	9
2.1 Forecasts	11
2.2 Recent trends.....	11
2.3 Outlook 2011 - 2015	13
3. DEMOGRAPHY	17
3.1 Social and economic factors affecting demand for dwellings	19
3.2 Population	19
3.3 Household formation.....	21
3.4 Per capita income	22
4. THE CONSTRUCTION SECTOR.....	23
4.1 Regional coverage	25
4.2 Definitions	25
4.3 Historical construction investment trend	26
4.4 Real estate development by region	27
4.5 Building activity outlook.....	30
4.6 Total building completions	31
5. RESIDENTIAL CONSTRUCTION	41
5.1 Objectives	43
5.2 Historical residential building trend	43
5.3 Residential building outlook	45
5.4 Real estate building commencements by housing types.....	49
5.5 Real estate sector residential commencements by region	51
5.6 Real estate sector residential building in four main cities.....	59
6. NON-RESIDENTIAL CONSTRUCTION	65
6.1 Objectives and scope.....	67
6.2 Historical trend of real estate non-residential building in China.....	67

6.3	Real estate sector non-residential building activity outlook	69
6.4	Real estate sector investment value by region	71
6.5	Office building sector and outlook.....	73
6.6	Retail building sector and outlook.....	75
6.7	'Other' building commencements and outlook.....	78
6.8	Real estate non-residential development in Beijing.....	83
6.9	Real estate non-residential development in Shanghai	89
6.10	Real estate non-residential development in Guangzhou.....	93
6.11	Real estate non-residential development in Shenzhen	95
7.	CIVIL ENGINEERING.....	101
7.1	Gross fixed capital formation (GFCF) in engineering construction.....	103
7.2	Historical growth patterns of civil engineering construction.....	103
7.3	Prospects for civil engineering construction	105
8.	BUILDING MATERIALS.....	115

EXECUTIVE SUMMARY	I
1. INTRODUCTION	1
1.1 Purpose and Scope	3
1.2 Methodology.....	3
1.3 The building investment cycle.....	4
1.3.1 Real estate prices	5
1.3.2 Real estate sales volumes.....	5
1.3.3 The building cycle	7
2. THE ECONOMY	11
2.1 Economic outlook.....	13
2.2 Recent trends.....	16
3. THE UNDERLYING DEMAND FOR DWELLINGS	17
3.1 Factors affecting the demand for dwellings	19
3.2 Population growth – outlook.....	19
3.3 Population growth – historical.....	21
3.4 Age structure of population – outlook	22
3.5 Age structure of the resident population – historical.....	24
3.5.1 Ages 0 – 14 years.....	25
3.5.2 Ages 15–19 years.....	25
3.5.3 Ages 20–34 years.....	25
3.5.4 Ages 35–49 years.....	25
3.5.5 Ages 50–64 years.....	25
3.5.6 Ages 65 years and over.....	25
3.6 Household formation.....	25
3.7 Resident households and average household size	26
4. TOTAL BUILDING.....	29
4.1 Construction, contracts awarded – outlook.....	31
4.2 Construction, work done – outlook.....	35
4.3 Construction sector contribution to GDP	37
4.4 Construction demand, contracts awarded – historical.....	37

5.	RESIDENTIAL BUILDING	41
5.1	Residential building outlook	43
5.2	Private residential dwelling units.....	47
5.3	Public residential dwelling units – outlook	51
5.4	Value of residential work done – outlook.....	53
5.5	Government measures to “maintain a stable and sustainable property market”	53
5.6	Public housing and the Housing and Development Board (HDB)	54
5.7	Historical residential property market trend	57
5.8	Historical trends in value of contracts awarded	58
5.9	Retrofitting activity.....	59
6.	NON-RESIDENTIAL BUILDING	63
6.1	Non-residential building outlook, contract awarded (commercial, industrial and institutional).....	65
6.2	Commercial outlook, contracts awarded (offices, retail, hotels)	69
6.3	Industrial outlook, contracts awarded (factory, warehouse)	79
6.4	Institutional outlook, contract awarded (education, hospitals etc)	84
6.5	Value of work done – outlook.....	87
6.6	Historical trend in non-residential building activity	90
6.7	Historical supply of commercial and industrial space	91
6.8	Retrofitting.....	96
7.	INFRASTRUCTURE	99
7.1	Civil engineering construction outlook – contracts awarded.....	101
7.2	Civil engineering construction outlook – value of work done.....	107
7.3	Historical civil engineering construction activity (contracts awarded).....	109
8.	BUILDING MATERIALS	111
8.1	Market overview	113
8.2	Building material costs	113
8.3	Demand and supply of basic building materials	113
8.3.1	Cement	114
8.3.2	Steel reinforcement bars.....	115
8.3.3	Granite	115
8.3.4	Ready-mix concrete.....	116

EXECUTIVE SUMMARY	I
1. INTRODUCTION	1
1.1 Purpose and scope	3
1.2 Methodology.....	3
1.3 The building investment cycle.....	4
2. THE ECONOMY	9
2.1 Economic outlook.....	11
2.2 Review of 2010	14
3. THE UNDERLYING DEMAND FOR DWELLINGS	17
3.1 Factors affecting demand for dwellings	19
3.2 Population	19
3.3 Age Distribution.....	21
3.4 Household formation.....	22
4. TOTAL BUILDING.....	25
4.1 Construction activity – outlook	27
4.2 Building – outlook.....	31
4.3 Construction sector value added	35
5. PROSPECTS FOR DWELLING BUILDING.....	37
5.1 Outlook for dwelling building activity	39
5.2 Historical trends in dwelling building activity.....	47
6. NON-RESIDENTIAL BUILDING	49
6.1 Non-residential building – outlook.....	51
6.2 Non-residential building – historical trends	55
6.3 Commerce building – outlook	56
6.4 ‘Commerce’ building – historical trends	59
6.5 Factory/Warehouse building – outlook.....	60
6.6 Factory/Warehouse building – historical trends.....	62
6.7 Business services (offices) building – outlook	62
6.8 Business services (offices) building – historical trends.....	64
6.9 Educational/leisure building – outlook.....	65
6.10 Educational/leisure building – historical trends.....	66

6.11	Health building	66
6.12	Other non-residential building	67
7.	INFRASTRUCTURE	69
7.1	Civil engineering sector outlook	71
7.2	Power	74
7.3	Rail	75
7.4	Road	75
7.5	Ports	76
7.6	Civil engineering sector historical trends	76
8.	BUILDING MATERIALS	77
